### I understand that participation in the Summer Programs is contingent upon the following:

- I must be in good academic standing before I begin my program abroad.
- I must have completed all Core courses (except Professional Responsibility and Langone Core) prior to my program abroad. If I do not meet these requirements, I will not be permitted to study abroad.
- I must complete 75% (45 credits) of my MBA degree at Stern. Any credits I take studying abroad will count toward the 25% (15 credits) that I may take outside of Stern.
- Credits taken abroad are pass/fail and do not count toward the Stern grade point average. Minimum passing grades must be equivalent to a Stern grade of "B-".
- Only 6 credits of international study abroad electives taken abroad may be applied toward the Global Business specialization. This includes participation in all international full-semester study abroad and short-term study abroad programs. For all other specializations, I must complete my requirements at Stern.
